

AMERICAN FLY FISHING/ICAST TRADE SHOW BY: Lorie Hagen

July was a busy month at Larva Lace.

The week of July 14th through the 18th we traveled to Orlando, Florida for the annual combination trade show with the American Fly Fishing Trade Association and ICAST. It was great to see old friends and meet new ones.

It was a great show! We found some new items to add to our catalog that we think everyone is going to like. It was announced at the show that it will be in Orlando again next year.

August is looking to be just as busy. The Federation of Fly Fishers Fair is the first week of August in Livingston, Montana. We are looking forward to fishing Livingston as we have not been there in the past.

Next month we will begin working on the new catalog.

Hope you are having a great summer!
